

# Insurance Information

We are in network with many other plans, however, these network contracts do change from time to time. **Patients are strongly encouraged to contact their insurance company** to determine the most current information on coverage and benefits for their specific plan. If you would prefer to “self-pay”, we will gladly work with you to negotiate affordable treatment upon request.

Additionally, we are experienced in working with litigation cases, coordinating with the client and attorney to provide comprehensive medical records and related documents upon completion of treatment.

If you have any questions, are unable to find information regarding your health insurance benefits, or need assistance locating a preferred provider, please do not hesitate to call us at (901) 837-1711, ext. 15 or ext. 16.

We would be more than happy to help you.
